FREQUENTLY ASKED QUESTIONS

Important FAQs - Group Medical Coverage

- **What other expenses are excluded apart from those mentioned under general exclusion?**
Expenses like Registration Fees, File opening fees, Telephone, Internet charges, Food and refreshments supplied to visitors and attendants, Television charges, service fees, any expenses not related to treatment of illness are non-medical expenses and not covered under the plan.
- **How do I cover my spouse or my newborn child?**
You will have to enroll your spouse/partner/newborn baby within 30 days of the life event via MyConnect.
- **What is a Medi-Assist ID (MAID)/E-Card?**
It is an identification card issued by Medi-Assist. Once validated by Medi-Assist, it will entitle you to credit towards hospitalization and any other negotiated benefits at hospitals on the Medi-Assist panel upon pre-authorization. Information on this is available with the Medi-Assist customer service helpline. Please remember the ID card is not a credit card. The card does not entitle you to credit. To avoid any misuse of your card, the hospitals may ask you to furnish some photo identification for the member (e.g., Voter ID, PAN Card, Driving License etc.).

Once your details have been forwarded by HR to the Insurer, the Insurer will make additional endorsements and give details of the same to Medi-Assist. Medi-Assist will issue the card on the basis of complete information received on the employee and dependents. It normally takes 14 working days to issue the ID card. In case you lose your ID card, please inform HR immediately.
- **What if the hospital does not accept my Medi-Assist ID card?**
Please make sure that the hospital is on the Medi-Assist / New India network list. This can be verified by accessing the website (<https://portal.medibuddy.in/Home.aspx>) of the Medi-Assist or call the Medi-Assist customer service helpline for assistance. If it is a network hospital and you are not accepted, please report the refusal to Medi-Assist making note of the name of the hospital staff.

Important FAQs - Group Medical Coverage

- **What are network hospitals? What should I do when I reach the hospital?**

These are hospitals where Medi-Assist has a tie up for cashless hospitalization. Once you reach the hospital, please show your ID card for identification. Please complete the pre-authorization procedure listed earlier. Medi-Assist will send a letter of credit (upon pre-authorization) to the hospital making sure they extend the credit facility to you.

If pre-authorization is not done, you must collect all reports and discharge card when you get discharged. Please make sure you sign the hospital bill before leaving the hospital. You will then submit the claim along with all necessary supporting documents to Medi-Assist for reimbursement. Please complete the Claim Form, attach all relevant documents as per the [reimbursement process mentioned](#)

- **What are claim reimbursements?**

In the event where cashless hospitalization is not availed, you will need to submit all original bills along with the Claim Form to the Medi-Assist. Upon approval, the hospitalization expenses will be reimbursed to you.

- **How can I claim my pre & post hospitalization expenses?**

The group policy covers pre-hospitalization expenses made prior to 30 days of hospitalization and incurred towards the same illness/ disease due to which hospitalization happens. It also covers all medical expenses up to 60 days post discharge as advised by the Medical Practitioner. All bills with summary to be sent to Medi-Assist for reimbursement.

- **How can I make a claim if a claim is made partly under my name and my spouse's insurance plans?**

Claims can be settled under multiple policies on reimbursement basis. First, submit the claim to the first insurer / Medi-Assist. Request for the original documents to be returned by the Medi-Assist. This will only be done if a part claim is submitted and the Medi-Assist will mark the claim as settled up to the limit. The balance of expenses can be submitted to the second insurer / Medi-Assist for settlement

Important FAQs - Group Medical Coverage

- **What are the key reasons why a claim under the medical policy could be completely rejected under the plan?**

The group policy covers pre-hospitalization expenses made prior to 30 days of hospitalization and incurred towards the same illness/ disease due to which hospitalization happens. It also covers all medical expenses up to 60 days post discharge as advised by

The following are some common reasons for rejection, though NOT the only reasons for which a claim could be rejected:

1. Treatment taken after leaving the organization.
2. Treatment that should have been taken on outpatient basis (unnecessary inpatient admission and /or no active line of treatment in the hospital) or where hospitalization has been done primarily for preventive reasons.
3. Treatment taken that is not covered as per policy conditions or excluded under the policy. Please go through the list of standard exclusions listed earlier.

e.g., Ailment because of alcohol abuse is a standard exclusion. Cosmetic treatments or treatments for external conditions such as squint correction etc. are not covered. Hospitalization taken in a hospital which is not covered as per policy conditions (e.g., less than 10 bed hospitals). Admission before/after the policy period or details of member not updated on the insurer's list of covered members.

4. In case original documents are not submitted as per the claim submission protocol, the claim may stand rejected.

Please refer to the [NIA Policy Document](#) to understand the detailed provisions, inclusions, and exclusions under your Group Medical Insurance Policy.
